**The Day of the Interviews: Tips and Suggestions**

1. Have members of each student group wait in the office to escort your veterans to the filming location.
2. Have bottled water on hand for the interviewees as they will be doing a lot of talking.
3. It may be nice to have some coffee and snacks in an area outside the filming room for those who are waiting.
4. Get all necessary paperwork completed first. It is helpful to have the following forms filled out upon arrival:
  - a. Deed of Gift
  - b. Veteran Contact Information

At the conclusion of the interviews, have the students write out a thank-you card to the veteran, and mail these within the week.
